

WEDDINGS & EVENTS

FIELD? TIPI? WE'LL FIND YOU.

Wedding ice delivery is rarely one-size-fits-all. We work with couples, planners, caterers, venues and mobile bars to get the ice and the delivery right.

OFF THE BEATEN TRACK? NO PROBLEM.

Some of the best weddings happen in places that barely have an address. A field, a temporary marquee, a tipi site or a rural venue can have a postcode that gets you close — but not necessarily to the right gate.

Send us the What3Words.

That pins the exact drop point. Much better than driving around a field waving at somebody in a hi-vis.

THE ICE IS ONLY HALF THE JOB

STORAGE, ACCESS AND TIMING MATTER.

No freezer on site?

Very common. Where possible, a refrigerated/chiller trailer is the best option. If there isn't one, we'll stack the ice in the coolest practical place and out of direct sunlight.

Plans changed?

Weather warmed up? Guest numbers moved? Contact us. We'll do our best to adapt the order around the new plan.

Two-hour delivery slot

It gives us room for traffic, access and the unexpected while keeping the delivery useful for your event schedule.

Unfortunately, we can't negotiate with science.

Ice will melt. Good storage, shade and sensible planning make a huge difference — and we'll talk you through it.

VENUE EXPERIENCE

WE'VE BEEN AROUND A FEW DANCE FLOORS.

Wedding venue experience includes Firle Place, Bury Manor Barn, Ramster Hall, High Billingham Farm and many more.

Not sure what you need? Good. That's what we're here for.

TALK IT
THROUGH

Cubed and crushed ice delivered.
Based at Gatwick, serving
Sussex, Surrey, Kent and the
wider South East, with further-
afield delivery for larger
requirements.
